Miss Margaret Russell will entertain at a morning party Friday of this week, in compliment to Miss Helen Stevenson, whose engagement to Mr. O. F. Hile of Honolulu, Kan., has been announced, and whose marriage will take place the latter part of July.

A marriage that will interest a circle of Topeka people is that of Miss Eva Weimer of Fredonia and Mr. Harold Grafton of this city, which will take place this evening at Fredonia. The bride is the daughter of the Rev. Mr. Weimer of the Congregational church at Fredonia. She has been teaching Latin in the high school of her town. She was educated at Fairmont college, Wichita, and she is a singer well known in her part of the state.

Mr. Grafton is a graduate of the Wichita high school and Fairmont college. During his school years he figured prominently in athletics, and was selected twice for a position on the all-star football team of the Kansas state conference. After graduating from Fairmont he accepted a position as secretary of the navy Y. M. C. A. at Norfolk, Va. Later he entered Kansas university. He is at present state secretary of the Kansas Y. M. C. A. with his headquarters in Topeka. He lives at the local Y. M. C. A. rooms. His energetic work in the interests of his association throughout Kansas caused a good deal of comment, and when the foreign board met in New York, he was elected for appointment to the position of foreign secretary of the Y. M. C. A. at Tokyo, Japan.

Mr. Grafton and his bride will visit relatives in Wichita, and then go to Lake Geneva, N. Y., on their honeymoon. They will sail for Japan August 29.

Among the pupils to be presented by Mr. Daniel Muller at a piano recital tonight is little Bernice Hemus, the daughter of Mr. and Mrs. Ernest Hemus, who is considered by those who have heard her play unusual, precocious and gifted. She will play two numbers on tonight's program. She is a niece of Percy Hemus, a musician of note, who was brought up in Topeka and did his first public singing here.

Parents of a daughter, born this morning. The baby is a granddaughter of Dr. and Mrs. J. C. McClintock, and belongs to the fourth generation of that family in this city. Her great-grandfather having been a pioneer physician of Topeka. She is also a granddaughter of Mrs. Lucina Mohler, and the late Martin Mohler, people of prominence in the city.

The Good Government club will have a special meeting at the Y. W. C. A. Thursday afternoon at 2:30 o'clock. It is to be a candidates' meeting, and all candidates for offices in the next election are invited to be present, to give their views on the needs of the particular offices they wish to fill, and their policies regarding them.

A called meeting of the D. A. R. was held today at the home of Mrs. John R. Shelton, for the consideration of special business.

A magazine recently published a set of instructions, which it called "What a Woman Likes," and any fond husband who is looking about for means to please his wife, will find the formula in them. The article says:

"A woman likes to be loved and to be told so. When well and becomingly dressed, a quiet notice of it is always appreciated."

"A word of praise for a nice dinner or supper often more than compensates her for her worry and work of preparation."

"She wants her husband not to be her supporter, but her companion, remembering that the husband who often brings far greater happiness than a new set of dishes, though presents like the latter are always welcome."

"She likes to be made to realize that she is good for something besides a mere household drudge."

"She likes to be petted occasionally, but not in public. The little private pet names are very dear to a woman's heart."

Helen Maher, of Berkeley, Cal., who is visiting her grandparents, Mr. and Mrs. Patrick Walsh, will be a guest of honor at a picnic party to be given Thursday evening at Gage park, by a group of the young girls. The members of the party will be Helen Maher, Frances Hammett, Isabel Crawford, Mary Rodgers, Dorothy Hetherington, Ruth Switzer, Betty Bonebrake, and Marguerite Steiner.

One of the boys of a prominent family in the doubtful hero of a story which is being told about him. He heard that the neighbor girls were making candy. Whereupon he made it convenient to himself to be in the kitchen for a few minutes, and he was called home. "You must not bother the girls," she said.

"In answering he raised his voice so the candy makers could hear: 'I'm putting in the Dutch Cleanser.'"

Boys are such sweet and loving playmates!

Miss Mildred Jones and Miss Henrietta Wright have invited a few friends for an informal evening Wednesday at Miss Wright's home, to meet their guest, Mrs. Roy West of Wakefield, Kan., and also Miss Emily Griggs of Lawrence, who is visiting Miss Ina Smith.

Miss Lotta Johnson, who has been teaching domestic science in the Girls' Inland school, has been appointed dietician for the school. The institution divides the girls into groups and places them in five separate cottages, with kitchen and dining rooms for each cottage. It will be Miss Johnson's duty to plan all the meals for the girls and for the instructors and any guests.

The position of dietician has recently been created at the school, following a trip east by the superintendent, Miss Franklin Wilson, to visit the various schools of the department and charity institutions in Indianapolis, and visited other industrial schools in various states. She was accompanied by Miss Johnson, who is the largest domestic science class by far of any school she visited.

Miss Johnson has returned to Topeka to visit to her sisters, Mrs. W. J. Montgomery and Mrs. E. Hayden.

MEXICO CAPITAL DOESN'T BELIEVE U. S. WILL FIGHT

Considers Pershing Move Beginning of Withdrawal.

Declares S. A. Republics Sympathize With Mexico.

SOME AMERICANS GO BACK

Finding All Quiet, They Return to Mexico City.

Entire American Colony at Tampico Sails for Texas.

Mexico City, June 27.—Evacuation of Vera Cruz and Tampico by American troops who moved northward aroused high hopes here today that President Wilson is preparing to withdraw General Pershing's expedition from Mexico.

The war department gave no explanation of the move. A telegram from General Trevino announcing the evacuation and declaring his purpose to attack the Americans if they attempted to re-occupy the towns, was given out.

Notwithstanding statements in American newspapers that war is imminent, a strong optimistic sentiment prevails among leaders here. They are counting upon the pressure of other Latin-American countries and the fear of a branch in the commercial relations between Latin-America and the United States to induce President Wilson to move cautiously.

Have Much Sympathy.

The newspapers print reports that the people of all southern Mexico sympathize with the Mexicans in the present crisis. South American diplomats, the papers report, all regard the maintenance of the American expedition on Mexican soil as a flagrant violation of Mexican sovereignty and believe that the establishment of a border patrol would prevent bandit raids.

Americans continue to arrive here from interior points but it is learned that the several who went to Vera Cruz last week, now contemplate returning to Mexico City.

Messages pledging General Carranza support continue to pour into the capital. Some of these are from leaders of full blooded Indians. Entire quiet prevails here and there is little indication except in the mouth of any grave international situation.

The Mexican people generally refuse and Mrs. Hagan motored to Sioux City about two weeks ago, and Mrs. Hagan will remain there about a month.

70,000 GUARDS TO FUNSTON AID WITHIN 10 DAYS

12,000 Now En Route; 9,000 to Follow Immediately.

Mammoth Preparations Along Border for New Troops.

DESTINATIONS KEPT SECRET

Rush Troops to Naco, Where De Facto Force Appears.

Missouri Troops Put on Patrol Duty at Once.

San Antonio, Tex., June 27.—General Funston is expected to have 70,000 national guardsmen at his disposal along the border within ten days. Twelve thousand are supposed to be en route to points "somewhere in Texas" now. Nine thousand others will follow immediately. The remainder will be sent as fast as their equipment is brought up to the army standard.

The quartermaster's department is working night and day to handle the necessary supplies. Buildings are being erected or leased at strategic points along the border to house munitions. Railroads are building spurs and establishing yards to facilitate the handling of these supplies. Hids have been opened for 58,000 cavalry and artillery horses and 26,000 mules. Their total cost will be over \$10,000,000.

Troop movements and militia destinations will be kept secret. Funston announced, however, that two Illinois and one Wisconsin brigade of infantry will come to Fort Sam Houston temporarily, to be held here for emergency. The Missouri guardsmen will be distributed along the border at once.

Fifteen hundred Mexican troops were reported last night to be concentrated along the line from Naco, Ariz. They arrived from interior points by train. Funston announced early today that reinforcements had been sent to Naco, but refused to say from what point.

N. Y. Troops Left This A. M.

Peekskill, N. Y., June 27.—New York's first troops detailed for border service left at 8:30 this morning. At that hour one-half the Fourteenth infantry was started westward for Buffalo.

In all, the Fourteenth consists of fifty officers, 1,190 men, one hundred animals and twenty vehicles. They will be carried in three special trains.

PAXTON'S ROBBED

Burglars Believed to Have Taken Wagon Load of Goods.

Loot Includes Silk Dresses, Shoes and Other Clothing.

The Paxton and Paxton Dry Goods store, corner Sixth avenue and Quincy street, was burglarized Monday night or early this morning for the second time in less than six weeks. While a check of the stock has not yet been completed, it is believed that thieves removed at least a wagonload of goods. The loot consisted principally of silk dresses, shoes and other clothing.

Burglars apparently followed closely behind the store, and were seen to enter the building through a back door.

It is possible, the police say, for burglars to have worked in the store for some time without having been detected by passersby. Shades and stock in the windows precluded the possibility of detection by persons in front of the store.

It is believed the robbery was engineered by Mexicans. The store has been the objective of Mexican shop breakers. Shades and stock in the windows precluded the possibility of detection by persons in front of the store.

TODAY'S BEAUTY TALK

You can make a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. Your shampoo is now ready. Just pour a little at a time on the scalp and rub briskly. This creates an abundance of thick white lather that thoroughly dissolves and removes the dirt, excess oil and dirt. After rinsing the hair, dip quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Advertisement.
